Lenovo ThinkPad P16s / Gen 5

Mobility Without Compromise

Lenovo

Copilot+PC

That's the power of Intel Inside®

The next generation of the Lenovo ThinkPad P16s *i* sets a new benchmark for mainstream mobile workstations, delivering major upgrades in a lighter, more portable chassis. Featuring up to the latest Intel® Core™ Ultra X9 Series 3 Processor for Copilot+ PCs, with an improved NPU, it supports next-gen AI experiences for enhanced productivity. For graphics-intensive tasks, it now offers up to the NVIDIA RTX PRO™ 2000 Blackwell Generation Laptop GPU, enabling smooth real-time visualization, rendering, and advanced design workflows. The perfect blend of performance, portability, and sustainable design—it empowers professionals to efficiently tackle complex workflows from anywhere.

Processor:

5.1GHz
16 Cores

Up to Intel® Core™ Ultra X9
Series 3 Processor for
Copilot+ PCs

Graphics:

8GB GDDR7
VRAM

Up to NVIDIA RTX PRO 2000
Blackwell Generation Laptop GPU

Memory:

96GB
LPDDR5x

8533MT/s¹

AI:

742
TOPS

NPU: up to 50 TOPS
iGPU: up to 120 TOPS
GPU: up to 572 TOPS
Total: up to 742 TOPS

Features

Designed for Mobility

Featuring advanced connectivity options like 5G WWAN and a lightweight chassis starting at less than 2kg for sustained performance on-the-go.

Next-Gen LPCAMM2 Memory

Ultra-fast speeds and higher capacity in a compact, upgradeable module for smoother multitasking and easy serviceability.

Next-Level Productivity with On-Device AI

Power AI workloads with an improved NPU architecture and Microsoft Copilot+ support without relying on cloud connectivity.

Software Solutions

Lenovo Performance Tuner (LPT)

A free performance optimization tool designed for ThinkStation P and ThinkPad P Series Workstations. It helps professionals get the most out of their hardware by dynamically adjusting system resources for demanding applications.

Linux

Lenovo delivers out-of-the-box Linux support by certifying the entire portfolio of ThinkStation and ThinkPad P Series workstations. This commitment prioritizes the needs of specialized users, guaranteeing a seamless and optimized Linux experience.

¹ Optional

² SSD, fingerprint reader module

³ Product packaging shall contain, on average, a minimum total percentage of 90% by weight of any combination of the following materials: Recycled content, biobased plastic, non-wood biobased fiber material, and/or sustainably forested material

⁴ Standard / bulk

⁵ EPEAT registered where applicable. EPEAT registration varies by country. See www.epeat.net for registration status by country

⁶ Certification available on select models

Smarter
technology
for all

Lenovo

Lenovo Solutions to Enhance Your Business Productivity

Lenovo offers solutions that help organizations run smoother and move faster. Lenovo Commercial Services reduce IT complexity, speed deployment, and keep devices optimized throughout their lifecycle. Lenovo ThinkShield delivers comprehensive, modern and resilient protection across every layer from supply chain to cloud, helping teams stay productive and compliant. Integrated into Lenovo Workstations, these solutions ensure that high-performance devices remain protected, optimized, and ready to meet the demands of modern workflows. The result is greater resilience and simpler management with less effort.

Lenovo Services

Protection & Support Services

Designed to help maintain and evolve the capabilities of your devices over their lifespan with flexible options for warranty extensions, Lenovo Protection & Support Services also help minimize unplanned operating and maintenance expenses, enhancing the budget predictability of your IT operations.

- Premier Support Plus
- Premier Support
- Accidental Damage Protection

Digital Workplace Solutions with Lenovo xIQ Digital Workplace Platform

Lenovo's comprehensive and flexible suite of Digital Workplace Solutions, powered by Gen AI technology, Lenovo xIQ Digital Workplace Platform creates a hyper-personalized experience that boosts employee satisfaction and productivity, automating workflows to streamline tasks and reduce IT strain.

- TruScale DaaS
- TruScale DaaS for Sustainability
- TruScale DaaS for AI PC
- Security Services
- Managed Services

AI Services

From strategy to scale, Lenovo helps you design, deploy, and manage secure AI solutions that align with your goals and deliver measurable ROI.

- AI Adoption & Change Management

Security: Lenovo ThinkShield

Lenovo is committed to being our customer's most trusted technology supplier. ThinkShield delivers comprehensive, modern, and resilient solutions to defend your business.

Lenovo ThinkShield, protecting your business, everywhere.

Secure from the start

End-to-end supply chain protection with verifiable hardware and software assurance.

Smarter protection (AI+XDR)

AI-powered security that safeguards against ransomware, phishing, and data loss before they happen.

Integrity at every level

Fleet-wide firmware and hardware defense against rogue devices and advanced attacks.

Always on

Expert protection and support, seamlessly handled by one trusted partner, 24x7.

Fueled by delivering smarter technology for all, Lenovo ThinkShield is constantly evolving our hardware, software and services to provide reliable security solutions to defend your business—without compromising end-user productivity.
